

FLYBY[™]
TRAVELS

Flyby Travels Maldives Pvt Ltd was established on 04 August 2008 as a subsidiary of SIMDI company. Flyby Travels office is located in a prime business area (former known as Law Library) in front of Justice building, Orchid Magu.

Flyby Travels would initially focus solely on the provision of air travel and related services to corporate entities in the Maldives. Additional services/products that the company would come to offer, within the first year of operation are airline handling, crew accommodation, inbound and outbound tourism, cargo related services and international money transfer.

Given that the main objective of the company is to market itself as "a one-stop shop for air travel and related services" and to become the market leader in the Maldives, it is vital that this message is carried across the business community and government institutions in a consistent manner.

Flyby Travels has a team of industry experienced professionals working on a highly established multi-channel business platform. We intend to be a leader in trade and tourism industry in Maldives by understanding customer needs to deliver outstanding products and services and to develop our business by diversifying into the regional and global market.

We make an effort to re-shape the travel agent sector and build complete service concept instead of classical service concept. Work without problem, work economically, work for your benefits, try and see the difference.

We wish to see you in this rising value and to grow up with your valuable support.
